Dear Mr. Russell

The New Mount Zion Baptist Church is completely satisfied with the new 21,000 square foot roof installed on our church during the summer of 2012. To this day we have seen no defects.

Your men were very professional, efficient and effective for the three weeks they were here. At the end of the job all worked diligently to remove debris, equipment, and trash and returned the property to its original condition.

The pricing, billing and accounting were all done with quality and integrity. All books were in very good order at the end of the job.

We would certainly recommend Allied Roofing of Texas, Inc as worthy of performing work for anyone desiring work of quality, efficiency and outstanding performance.

Sincerely,

  
Billy C. Heath

Chairman of the Board
